*A brief overview of our Cafe's history and
who we are:*

Despite a petition signed by over 4000 people, one of Tübingen's most popular cafés, the “Café Voelter”, had to close on 30th April 1981.

The protest, however, wasn't unsuccessful: On 28th April 1981, members of the local initiative group “Rettet das Cafe Völter e.V.” got the city's permission to open a new cafe here, on the premises of Hirschgasse 9

On 6th March 1982 the new **“Café im Hirsch”** finally opened its doors to the public

Today, a team of three dedicated individuals runs the business. We work alongside a wonderfully diverse team of colleagues, who are either full- or part-time employees or mini-jobbers

We undoubtedly prefer local, organic & fair-trade products, for example:

We prefer milk from happy cows, which is why our organic fresh milk comes from demeter♥ farms.

&

All eggs served or used in our dishes come from a local organic-certified farm: Hofgut Martinsberg (Rottenburg). We believe that happy chickens produce the best eggs!

Now, we hope you enjoy the rich variety of our menu and simply have a good time with us.

♥ **Your Cafe im Hirsch Team** ♥

Quality is important to us:

All our meals are freshly prepared for you on order.

In addition to that, all our warm/ hot/ gratinated dishes are heated in a salamander grill. We don't have or use a microwave for any of our meals, which can lead to longer waiting times, especially during a 'dinner rush'.

We sincerely hope for your understanding

Bakery "Berger"

Our main bakery "**Bio-Bäckerei-Berger**" supplies us with all our pastries and most of our cakes. Bakery "Berger" stands for 100% organic quality. The Grain for all flours used in their products comes from a selection of regional organic-certified farms. Another important ingredient in our baker's craft is - **time** - i.e. if dough is allowed to rest, no auxiliary additives are needed to produce an excellent pastry. By the way: All cakes by "Bäckerei Berger" are made from spelt flour!
