## Who we are...

Our story began in 1981, when the traditional "Café Völter" in Tübingen closed its doors - seemingly forever. However, the people's love for this special place was stronger: a dedicated citizens' initiative founded the association "Rettet das Café Völter e. V." which was going to breathe new life into Tübingen's coffee house culture. In March of 1982, the "Café im Hirsch" opened its doors here at Hirschgasse 9 - driven by the idea of creating a place for encounter, enjoyment, and vibrant neighbourhood life. Since then, we have been running our café with great passion.

It is a place where tradition is preserved and community is lived. We believe in the strength of our region and prefer to work with local partners - milk from happy cows, eggs from free-range chickens, and fair-trade products made with responsibility and love.

Café im Hirsch is more than just a place to eat and drink. It is a temporary home for everyone looking for something special in the everyday. Sit back, let us pamper you, and enjoy your break from daily life - right here in the heart of Tübingen.

Since 1982. With love. For you.
